STATUTE REFERENCES

B&P Code Section 11212(z)(1)

A “single-site time-share plan” that is the right to use accommodations at a single time-share property.

B&P Code Section 11212(z)(2)

A “multisite time-share plan” that includes either of the following:

§ 11212(z)(2)(A): A “specific time-share interest” that is the right to use accommodations at a specific time-share property, together with use rights in accommodations at one or more other component sites created by or acquired through the time-share plan’s reservation system.

§ 11212(z)(2)(B): A “non-specific time-share interest” that is the right to use accommodations at more than one component site created or acquired through the time-share plan’s reservation system, but including no specific right to use any particular accommodations.

B&P Code Section 11234

Public Reports defined above should include all that information under B&P Code Section 11234.

I. When To Apply

If the time-share plan will not be sold out during the term of the final public report, application for a renewal should be submitted approximately six months prior to the expiration date.

If there are errors in the report or if there are or will be material changes in the offering (see Regulation 2806), the existing final public report or conditional public report must be amended so that the information therein contained is correct (amendment).

Pursuant to B & P Code Section 11226f(2), if there is a material change to the offering prior to implementation of the change, unless the change is beyond the control of the developer, written notice must be given to DRE as soon as reasonably practicable after the occurrence of the event necessitating the change. All amendments, supplements and facts relevant to the change shall be filed with DRE within 20 days of the material change,.

If there is a material change to the public report that is not adverse to the purchasers, the developer may continue to sell time-share interests so long as, prior to closing, the purchaser is given a notice that describes the material change and each purchaser is given the previously approved public report.

If there is a material change that is material and adverse to the purchasers, all purchaser funds shall be held in escrow, and no closing shall occur until the amendment related to the material and adverse changes have been approved by DRE. After that approval, and the amended public report is issued, the public report shall be sent to the purchaser and the seven-day rescission period shall commence. If the DRE does not approve amendment, all sales are subject to rescission and all funds are to be returned.

III. Use The Latest Forms

Always use the latest revised form. Use of an obsolete form may invalidate or delay your application.

IV. All Documents Must Be Tabbed/Hole-Punched

In order to efficiently process the application, we require that *all* incoming documents, including those submitted after the original application package, be tabbed with the item numbers shown in RE 635C Part II. Use heavy stock or fabric tabs, not plastic or paper tabs. Each tab must show the document’s precise item number.

Place the tabs on the right side of the documents. Do not place all tabs in the same location, but stagger them up and down the right edge of page. Do not place tabs on the upper two inches of the documents.

The entire submittal package must be hole-punched as shown in Figure C.

- Note:
- Be sure to also tab and hole-punch any documents submitted after the initial submittal of the application.
 - Do not hole-punch original public reports or maps.
 - Do not staple management documents together. They may be fastened by Acco fastener.

V. Single Responsible Party (SRP)

In order to process your application expeditiously, we request that a single responsible party (SRP) be designated on RE 635C. Normally, all communication from the DRE regarding your application will be through this person. *Other parties having an interest in the application should contact the SRP for status information, rather than the DRE.* In addition copies of all written communications to the SRP will be sent to the developer.

Submit ten self-adhesive address labels for the SRP of the filing and another ten labels for the developer. If your filing includes a duplicate budget package, submit five additional labels for both parties with the DBP. Complete the labels as shown below:

Each purchaser's signed receipt for a copy of the final public report shall be kept on file in the possession of the developer (or agent) of the time-share plan for three (3) years subject to inspection at any reasonable time by the Real Estate Commissioner or his representatives.

No public report shall be used for advertising purposes unless the report is used in its entirety, nor shall any person advertise or represent that the Department of Real Estate or the Commissioner approves or recommends the time-share plan or sale thereof. No portion of the report shall be underscored, italicized or printed in larger or heavier type than the balance of the report unless the report issued by the Commissioner is so emphasized.

Sale of a time-share plan interest by the developer or agent after its repossession shall be considered an original sale, and a copy of the public report shall be given to the purchaser as in the case of the original sale.

The developer or agent shall immediately furnish data in writing to the Commissioner on any new condition or development in the time-share plan being offered for sale. (See Commissioner's Regulation 2806 for an enumeration of material changes that require amended public reports.)

If the owner of a time-share plan options or sells 11 or more time-share interests to another entity, such option or sale shall constitute a material change within B&P Code § 11226(f) and Regulation 2806.
